JESSE
SHOWALTER

Hi, I'm Jesse. I was born and raised in California's Famous "Bay Area" before relocating to Oahu 10 years ago. I have always been a fan of puzzles and solving problems and love the challenges that Design & Development affords me. I specialize in Users. From Interfaces to Experiences my goal is to create things that just work. I also engineer the things I imagine. I code responsive, mobile first sites using HTML, CSS/SASS, and Javascript.

INTERFACE DESIGNER
ORANGEROC
Honolulu, HI
2012 - 2013

I served as lead UI/UX Designer and Front-End Developer in this 10 member team. I focused my time on designing and developing projects ranging from major corporate web applications to new social network interfaces.

DESIGNER & DEVELOPER
SHOWALTER DESIGN
Anywhere, Anytime

Over the years I have had the opportunity to branch off on my own to design and develop some really fun projects. Whether the project was an e-commerce site or a full branding for an up and coming company, each of them was a labor of love.

LEAD WEB DESIGNER
WWD
Honolulu, HI
2010 - 2011

World Wide Destinations is one of Hawaii's largest activities providers. I worked hand in hand with a team of amazing people developing the brand and expanding it's reach across the islands through creative design, daily problem solving and steadfast work ethic.

FULL SAIL
WDDS
Honolulu, HI
2011 - 2013

WEB DESIGN + DEVELOPMENT
BACHELORS OF SCIENCE
Although I was already involved in the industry I chose to go back to school and continue my education in design and development through Full Sails online program. Classes included, responsive design, workflow process, development and more.

UNIVERSITY OF HAWAII
ART
Honolulu, HI
2008 - 2010

ART
ASSOCIATES OF ART
A strong foundation in basic design principles was, is and will always be important to me. I chose to study art to strengthen that core foundation and allow myself to grow successfully and without bad habits.
